**RE: Comments on Healthy Families Program Transition to Medi-Cal Draft Notices - Phase 1B and Phase 2**

Dear Rachel,

Per our discussion today, Kaiser would like to submit the following comments on the Phase 1B and Phase 2 Notices for further consideration by DHCS:

**Questions 10 and 11:**

The response to these questions does not include information on the carve-in of Mental Health services for Kaiser Permanente members in Sacramento and Solano counties. Kaiser would like to request that a separate notice be sent to Kaiser Permanente members in these counties that accurately reflects the mental health carve-in for these members.

Please let us know if this is an option before these Notices are sent. If you have any questions, please feel free to contact me or Cathy Lurty, Project Management Consultant Specialist, (626) 644-1962.

Thank you for your consideration.
